“ This is her nice Samantha... aunt B always brighter every room she walked in. She will always be in my memories but I understand that God thought it was time for her to come hang out with papa and others. We love her so very much we will never forget her, my dad very admired her. I'm so glad we shared a fun memory 1 day before her death. It will always make me smile when I think about her smile and laugh.

“ From High school through marriage we were and are good friends. Through all the good times and the bad times we still remained friends. Thank you for the time you shared with me on this earth. I never knew so much about light houses. You will be terribly missed by myself and by so many others, You brightened so many peoples lives with just a smile and your ever giving heart. Through the many memories all of us have of you, your spirit will live in us all. I will miss you and your friendship. Give Papa a hug from us all, I know God has called you home and that you are soaring with the angels, but I know we can always talk to you, you are only a prayer away. May you rest in peace, you will forever be in my heart.
